Re: PowerShare CallOption Nonresidential Load Curtailment Program  
Docket No. 2013-298-E

Dear Ms. Boyd:

Duke Energy Carolinas, LLC (the "Company") respectfully proposes to close the PowerShare CallOption Nonresidential Load Curtailment tariff, Rider PSC, ("PowerShare CallOption Program") effective August 31, 2018. The Commission originally approved the PowerShare CallOption Program in Order No. 2013-889, issued December 20, 2013 in Docket No. 2013-298-E. Only two customers have utilized the PowerShare CallOption Program since its initial approval, and no customers are currently enrolled. Closing the PowerShare CallOption Program will not affect customers enrolled in the Company's other PowerShare load curtailment programs.

The proposed revised tariff indicating the closure of the PowerShare CallOption Program is attached hereto. Please feel free to contact me should you have any questions or need additional information.

Kind regards,

Sam Wellborn
